

Overview:-

One day workshop on Research Methodology is designed to enable researchers developing their knowledge on literature review, formulation of research question, selecting appropriate study design, sample size, data management, statistical methods as well as grant writing and to motivate them for research, by informing the opportunities after research.

About the College:-

Chandmal Tarachand Bora Arts, Commerce and Science College, Shirur, is affiliated to the Savitribai Phule Pune University (formerly University of Pune) was established in 1968 by Shirur Shikshan Prasarak Mandal, with the primary aim of providing quality higher education to the educationally and socially backward local community. College offers 46 undergraduate and post graduate courses in Arts, Commerce and science. It has six research centers with a good record of patents, research papers and research scholars, with a study centre of Yashwantrao Chavan Maharashtra Open University (YCMOU).

The college provides excellent infrastructure and learning resources to achieve its mission of quality education. It has a spacious and beautiful campus with all basic amenities required for serious academic pursuit. It has a very good library and sophisticated laboratories.
