CHANDMAL TARACHAND BORA COLLEGE, SHIRUR

Action Taken Report of Institution by Students

A.Y.2019-20

According to responses of students It is clear that majority students are happy with admission process, discipline in the college, examination system and college library.

Some students requested to arrange sports activities, but due to pandemic situation of covid-19, and instructions from government it is shifted to next year. Some students responded to add more menus in canteen. It is instructed to canteen manager.

The data provided, indicates that a majority of respondents, 108 out of the total 118, believed that the college provides a safe enough environment for female students. This suggests that while the majority feels positively about the safety environment. It appears that the overwhelming majority of respondents, 108 out of the total, are willing to recommend the college to others.

The feedback analysis has been forwarded to management through principal.
